The 5 contact days must be the same for all levels within the field hockey program. Head coaches must notify their Athletic Director of the dates they will be using as contact days for the summer.

272 All off-season camps, clinics and other opportunities for coaching contact during the school year must be open to all Wisconsin field hockey players. The head coach must send information on the opportunity to all other member schools' coaches detailing dates, times and location of the opportunity at the same time of the initial publication to their own school.

## **273 Conference Champions**

274 The Varsity Division team with the most points at the end of the regular season will be declared the Conference Regular Season Champion. Points are awarded based on the regular season record as follows:

- Win = 3 points
- Tie = 1 point
- Loss = 0 points

275 If two or more teams tie, they will be declared Conference Co-Champions.

276 There is no declaration of a JV Conference Champion. The purpose of the JV programs are to be developmental in nature.

280 The Commissioner will investigate the protest and inform all members of the outcome. During the investigation process, it is recommended that the Commissioner communicate with the head coaches of the schools involved, the officials who refereed the game in question, and the respective member school Athletic Directors. The results of the investigation should be put in writing to the officials, respective head coaches, and the respective Athletic Directors.

284 When an Association school closes due to inclement weather, all contests scheduled that day will also be canceled.

**285 Sportsmanship:**

286 The WHSFHA will host a preseason meeting for all coaches and officials to review rules, by-laws, and expectations of sportsmanship. ### **302 Regulations/Schedules**

303 Field Hockey shall be governed by the National Federation of State High School Associations rules, **as well as WIAA rules and regulations governing eligibility of players.**

304 The **HOME** school shall provide all game management personnel. This includes game manager, security, official scorer located at the 50 yard-line. The association shall provide all officials.

305 The **HOST** school shall provide a clearly marked field.

306 The **HOME** school shall provide two acceptable game balls.

307 Each team will be responsible for their own first aid kit and ice.

308 The **HOME** team is responsible for contacting the Milwaukee Journal/Sentinel at (414-224-2310) immediately following the varsity game to report the results. Each team is responsible for contacting their local paper.

309 If a team is considered the "Home" team and is playing at another site, it is the responsibility of the "host" school to have the field ready, but it is the "home" team's responsibility to provide all workers, supervision and pay the officials.

310 Athletic Directors will provide JV, Varsity reserve, and Varsity rosters upon request by athletic directors of other schools.

311 Both schools shall provide results after each game to the Association Commissioner immediately following the game.

### **312 Eligibility**

313 All players at each level of play must be enrolled as high school students at their respective high school or an approved co-op school in grades 9-12. The WHSFHA follows the WIAA's eligibility rules for all transfers.

314 The WHSFHA will field requests for co-op teams to be approved by 2/3 vote of the member schools. These requests should only be made to

secure the survival of the school's program. Applications and reapplications (every two years) need to be submitted by the date of the December Athletic Directors' meeting. Co-ops will be reviewed annually.

315 It is the intent and hope of the WHSFHA that each school will strive to develop as many players as possible. When possible, players should not be playing on two or more different teams or levels. However, the WHSFHA also realizes that schools are often shorthanded with numbers of players. For that reason, during the regular season games, players will be allowed to play on more than one level of play during the same day, either Varsity or JV, i.e. a player could play the entire Varsity game and then play the entire JV game if the numbers of players warrants in order to play the scheduled games. It is also noted that whenever a player plays at more than one level of play in the same day, the coach of that player(s) must be responsible not to over extend the player(s) physical capabilities and fitness levels. It is also expected that if a coach decides that their school has a need to play a player at more than one level of play during the same day that the coach has the responsibility to notify the opposing school's coach.

316 Schools with more than one Varsity team must set their rosters at the beginning of the season. Players may not move between teams during the season.

317 Varsity team rosters are capped at 24 players for the varsity tournament. Varsity tournament rosters must be submitted to the commissioner by midnight of the last Friday of the regular season.

### **318 Safety**

319 The host team is responsible for safety issues regarding weather and field conditions prior to the start of all games. It is up to the discretion of the host team's Athletic Director and Coach to make a decision to postpone a game due to adverse weather. When such a decision is made, the host team is responsible for notifying the other school, the officials and scheduler.

320 Once the official(s) arrive on the field, they can be a part of the discussion with the home school head coach and/or Athletic Director as the discussion relates to whether or not to start the game because of unsafe weather conditions.

321 Once the game starts, the officials are responsible to decide when to call a game due to poor weather conditions.

322 In a double-header, if the first game goes into overtime, the officials and coaches for the second game should decide prior to the start of the second game if or how much to shorten the game before the game begins.

323 It is strongly recommended that all teams, whether hosting or traveling, should have their own medical kit, water and ice.

### **324 Uniforms**

325 Players shall comply with all National Federation rules concerning equipment. The uniform rule may be waived as requested by member schools. If schools cannot comply with NFHS rules they must notify the commissioner as to why they cannot comply. If a waiver is granted, then the commissioner will notify member schools.

326 The HOME team shall wear white colored jerseys and solid, knee-length; the VISITORS shall wear dark colored jerseys and solid, knee-length dark colored socks. Socks and shin guards must be visible. Hats and mittens/gloves may be worn.

327 Uniforms shall be numbered on both the front and back according to National Federation rules.

328 Single-colored short or long-sleeved shirt undershirts may be worn under the uniform top. HOME team undershirts must be white; VISITOR undershirts must match the color of the jersey or be black or a dark color. All players who choose to wear an undershirt must wear the same color as her teammates.

329 Goalkeepers shall wear different color uniform top as her teammates with a visible number.

330 Goalkeepers must wear a wraparound throat protector/neck guard.

### **332 Contest Guidelines**

333 All Varsity games will begin at 4:15 PM. On the first Monday in October, if a JV game follows, the Varsity game will begin at 3:45. JV games will begin 10 minutes after the Varsity games.

334 Varsity will play four 15-minute periods with stoppage times of two minutes between the first and second quarters and the third and fourth quarters with a 10-minute halftime; No additional timeouts will be allowed; JV will play four 12-minute periods with 90 seconds between the first and second quarters and the third and fourth quarters with a 5-minute halftime.

335 The halves of the JV game can be shortened as agreed upon by the officials and coaches prior to the start of the game to accommodate darkness.

336 Warm-ups can begin when teams arrive and the field is ready. If a team arrives late, they will get a minimum of 15 minutes of field time for warm-up. Please arrive on time when possible so the JV game is not affected.

- 337 If a regular season Varsity game ends in a tie, one ten minute sudden victory overtime period will be played in which each team will reduce their playing field to 7 (6 players and 1 goalie). A coin toss will determine ball possession or direction of attack. The visiting team will call all coin tosses. No additional time-outs are granted and only one substitution is awarded except in the case of injury. If the game is still tied after the ten minute overtime, the game will end in a tie.
- 338 If a regular season JV game ends in a tie, NO overtime will be played. The game will end in a tie at the end of regulation play.
- 339 It is recommended, not mandated, that each regular season game have two people at the scorer's table. One person will score the game and one person will time the game. The home team is responsible for providing the workers. These workers shall be trained by the school and asked to remain neutral while performing their duties.
- 340 Each host school should have a copy of the WHSFHA by-laws and a copy of the NFHS Field Hockey Rule Book at the scorer's table for each game. The head coaches will prepare a "cheat sheet" for scorers and timers to assist workers at the scorer's table.

#### **341 Awards**

- 342 Conference standings will be kept by the Association Commissioner for both the Varsity and JV Divisions. The commissioner will distribute updated results and standings minimally on a weekly basis.
- 343 The WHSFHA will purchase individual medals for the first and second team All-Conference award winners, as well as certificates for the Honorable Mention award winners.
- 344 The WHSFHA will purchase the championship and runner-up trophies and medals for the State Championship teams.

#### **345 All-Conference Selection**

- 346 All-Conference selection will take place the night of the Head Coaches' end of season meeting.
- 347 Each coach will provide a list of conference statistics and the name of each player nominated on the form before the deadline established by the league Commissioner. Please note section 349 for an example of statistics.
- 348 ALL-CONFERENCE SELECTION PROCESS: All Head Coaches are expected to plan to attend the end of season meeting. If any head coach cannot attend then one person from that head coach's respective school should be designated by either the head coach who cannot attend or by

the athletic director from that school. Only head coaches, or designated school representative, can nominate and vote in the selection process.

Nominations: Head coaches from any varsity team can nominate any players from their team they believe have played, during the current season, at a high level of play that is worthy of consideration for 1st team team honors only. There is no limit to the number of nominations a coach can make from their respective teams. Players that coaches want considered for 2nd team or Honorable Mention should not be nominated at this time.

Selection by Position: There will be 11 players selected to the 1<sup>st</sup> team and 11 players to the 2<sup>nd</sup> team. Honorable mention will be any players that have received a vote by a WHSFHA head coach during the selection process outlined below. The 11 player all-conference teams will consist of 6 offensive, 4 defensive players, and 1 goalie.

Selection process: Offensive Players: The 1st team all conference offensive players will be selected first by ballot at the All-conference meeting. Any players nominated for the 1st team who do not make the 1st team will automatically be placed into nomination for the 2nd team along with any players coaches want to nominate for 2nd team all-conference who were not nominated for 1st team all-conference consideration. Then the 2nd team all conference offensive players will be nominated and selected at the EOS meeting. Each coach will be allowed to discuss each of the players on their team for All-conference consideration. Any nominated offensive players who received a vote, but did not make either of the 1st or 2nd teams, will be recognized as honorable mention.

Voting process for offensive players: As there will be 6 offensive players selected to the 1st and 2nd team. The conference commissioner will distribute the list form of nominated players for the 1st team all conference offensive player position. All head coaches will vote for the offensive players, but they cannot vote for players from their respective teams. Each head coach, or designated school representative, will then rank order 7 offensive players that have been nominated by giving 10 points to the player they believe is the best offensive player, then 9 points to the next player, then 7 points to the next, and so on descending to their last ranking of 1 point to the player they believe is the 6th best offensive player nominated. The conference commissioner will then tally the votes. The 6 offensive players who receive the most votes will be designated as the 1st team all conference offensive players, with one remaining player to be determined at the EOS meeting.

Any offensive players who were nominated but did not make the 1<sup>st</sup> team will automatically be placed into nomination for consideration for the last slot on the 1<sup>st</sup> team or for the 2<sup>nd</sup> team All-conference at the offensive player position. At this time any head coach, or designated school representative, can put additional offensive players into nomination for

2<sup>nd</sup> team all conference at the offensive player position. The coaches will then repeat the voting process outlined above for the rest of the 1<sup>st</sup> team and entire 2<sup>nd</sup> team at the meeting.

**BREAKING TIES:** This process for breaking ties will be used any time we have a tie for the 6<sup>th</sup> player at either 1<sup>st</sup> or 2<sup>nd</sup> all-conference offensive players, or the 4<sup>th</sup> player at either 1<sup>st</sup> or 2<sup>nd</sup> all-conference defensive players, or the 1<sup>st</sup> goalie at either 1<sup>st</sup> or 2<sup>nd</sup> team all-conference. Ties for the 1<sup>st</sup> through 5<sup>th</sup> ranked offensive players will not be broken unless there is a tie that means we would have over 6 offensive players, or 4 defensive players, or 1 goalie respectively. If there is a tie for the last all-conference position the tie will be broken by a vote by all head coaches without a player involved in the tie. If the tie is between two players then the head coaches not involved with the tie will have a secret ballot vote for one player. The player with the most votes will be given the last all-conference position. If there are 3 or more layers involved in the tie then the head coaches not involved in the tie will rank the players who are tied in a descending order, i.e., using 5 points for the player they rank the highest and 3 and 1 in descending order. The player with the most votes will be designated to the last all-conference position in question.

**Defensive players:** The next step will be to select the 1<sup>st</sup> team defensive players using the same process outlined above for offensive players. Then the 2<sup>nd</sup> team defensive players will be selected along with recognition of honorable mention defensive players who received a vote but did not make either the 1<sup>st</sup> or 2<sup>nd</sup> team.

For the defensive player position the voting will be the same as for the offensive players except that the coaches will give 10 points to the player they believe is the best defensive player, then 8 points to the next best, then 6 points to the next best and so on until they have awarded 3 points to the player they believe is the 5<sup>th</sup> best defensive player in the conference.

The conference commissioner will tally the votes and the 4 players who have the highest number of points will be named to the 1<sup>st</sup> team all-conference. Any players who were nominated for 1<sup>st</sup> team consideration who did not earn 1<sup>st</sup> team honors will automatically be put forth for consideration for the last slot on the 1<sup>st</sup> team or the 2<sup>nd</sup> team all-conference. Head coaches can now nominate any other defensive players they believe worthy for consideration. The same voting process will be used to select the 2<sup>nd</sup> team defensive players. Any players who received a vote but did not earn selection to the 2<sup>nd</sup> team will be considered honorable mention.

**Goalie:** The commissioner will distribute the names of goalies who have been nominated for 1<sup>st</sup> team. Each head coach, our designated school representative, will vote for 1<sup>st</sup> team goalie by awarding 3 points to the goalie they believe is the best and then 1 points to the goalie they believe is the next best. The commissioner will tally the votes and the goalie receiving the most votes will be the first team goalie.

Any goalies nominated for 1<sup>st</sup> team will automatically be placed into consideration to be the 2<sup>nd</sup> team goalie. Any head coach, or designated school representative, may place additional goalies to be placed into consideration to be selected as the 2<sup>nd</sup> team goalie. Each coach will be allowed to discuss each of the players on their team for All-conference consideration. The commissioner will tally the votes and the goalie receiving the most votes will be the second team goalie. Any other goalies receiving votes will be considered honorable mention.

**349 Statistics to be used for consideration of players to be selected as all-conference:**

At previous coaches' meetings there were good discussions about which statistics should be used to help coaches assess players' abilities. It has been recognized that different coaches will have different opinions about which statistics should be kept, and equally important is how the statistics are kept.

Selection should be based on performance in the WHSFHA that season, not on a player's performance from previous years or play outside of the WHSFHA league play.

Accurate statistics can be a useful tool to help coaches in the selection process.

It is believed that the coaches should agree on which statistics should be used and then how to accurately assess and record statistics.

During our discussions the following statistical categories should be considered:

Goals scored  
Assists  
Save Percentage

**350 State Tournament Guidelines**

351 At the conclusion of regular season play, all Varsity Division teams will be entered into the WHSFHA State Tournament. **As we have 5 teams in the Varsity Division for 2021, there will NOT be a play in game prior to the quarterfinals on Monday, October 11, 2021.**

352 The varsity teams will be seeded into a single-elimination tournament bracket based on their regular season results.

Points will be awarded for each game (3 points for a win, 1 point for a tie, 0 points for a loss.) In the event of a tie for purposes of tournament seeding, the criteria to break the tie is as follows:

1. Head to Head competition

2. Goals allowed between the tied teams only (not the entire division)
3. Win vs Loss record versus the top teams in Division 1 starting in rank order from #1 seed.
4. Draw

353 Single games hosted by the higher seed will be played at 4:00. Additional time needs to be scheduled to allow for potential overtime games.

354 The Championship game will be hosted by the member schools of the WHSHA under the direction of the League Commissioner along with support from the WHSFHA President's school.

**355 State Tournament Timeline and host site information.**

1. There will be no lead-in games for the 2021 State Tournament.
2. State quarter final games will be hosted by the teams with the highest seeded records on **Monday, October 11, 2021** starting at 4:00 PM.
3. State semi-final games **will be hosted at Uihlein Park on Wednesday, October 13, 2021 at 5 & 7PM.**
4. The state championship game will be played on **Saturday, October 16, 2021 at Uihlein Park at 7:00PM.**

356 The WHSFHA will pay for and provide the officials, scorers, clock operator, Public address announcer, trophies, and medals.

357 It is the responsibility of the schools involved in the State Championship final to provide crowd control supervision for their school.

358 Varsity tournament rosters, with a maximum of 24 players, will be locked at midnight of the day of the last regular season game.

**359 Overtime procedures for State Tournament games:**

1. After the tournament game ends in a tie, the officials will meet with both coaches at the scorer's table to go over overtime procedures.
2. A coin toss will determine pass-back possession and sides of the field.
3. There will be 5 minutes between the end of regulation play and the the beginning of the first sudden victory overtime period.
4. Overtime will be played with 7 players to a side: 6 field players and one goalie.
5. If necessary, there will be two 10 minute overtime periods with a 2 minute break between the first and second overtime period.

6. Each team will be allowed 1 substitution during each overtime period, with the only exception being in the case of injury. If substitution is not used in the 1<sup>st</sup> overtime period, it will NOT carry over into the 2<sup>nd</sup> overtime period.
7. We will follow the USA Field Hockey Shoot-out Competition Rules. See attachment for details.

## USA Field Hockey Shoot-out Competition Rules

1. Players from each team take a one-on-one shoot-out alternately against the goal keeper of the other team making a total of 10 shoot-outs. Five (5) players from each team will take the shoot-out in the sequence nominated and communicated by the team to the umpires on duty before the start of the penalty shoot-out competition. Players are chosen by their respective team manager from those listed on the team entry form for that particular match except as excluded hereunder.
2. The umpires, in conjunction with the tournament committee will choose the goal to be used. If not in tournament play, the umpires will decide solely.
3. A coin is tossed. The team which wins the toss has the choice to take or defend the first penalty shoot-out.
4. The team scoring or awarded the most goals is the winner and the competition ceases once an outright winner is determined.
5. During a shoot-out competition, all persons who appear on the team entry form and who are entitled to sit on the team bench for that match are permitted to enter the field of play but only in the area outside the 23m area used for the shoot-out. The goalkeeper of the team taking a shoot-out may be on the goal-line outside the circle if so directed by the umpire. A player who is authorized by an umpire or technical official to take or defend a shoot-out may enter the 23m area for that purpose.
6. A player who has been excluded permanently (red card) from the field of play during that same match, cannot take part in a shoot-out competition.
  - a. A player on a yellow card at the end of the game **may participate in the shootout.**
7. The shoot-out is completed under the following conditions:
  - a. 8 seconds has elapsed;
  - b. the attacker scores a goal;
  - c. the attacker commits an offence;
  - d. the goalkeeper commits an offence in which case the shoot-out is re-taken;
  - e. the goalkeeper commits an intentional offence, in which case a penalty stroke is awarded;
  - f. the ball goes out of play over the back-line or side-line; this includes the goal keeper intentionally playing the ball over the back-line.
  - g. if a penalty stroke is awarded as specified above, it is taken by the two players involved in the shoot-out concerned unless either is incapacitated or suspended. The penalty stroke will take place before the next available shoot-out takes place. All normal penalty stroke rules apply.
8. If during a shoot-out competition a player (either an attacker or goalkeeper is suspended, that player takes no further part in the shoot-out competition and, unless a defending goalkeeper, cannot be replaced. If the defending goalkeeper is suspended, a replacement can be nominated to take part in the shoot-out competition from players listed on the team entry form for that particular match (Substitute a new fully kitted GK for the suspended GK). The suspended GK cannot have any further part of the shootout). The replacement goalkeeper is allowed reasonable time to put on protective equipment. If an attacker is suspended during the penalty shoot-out competition, any further shoot-out the player was entitled to take counts as no goal.
9. If during a shoot-out competition, a defending goalkeeper is incapacitated, that goalkeeper may be replaced by another player from within the players listed on the team entry form for that particular match. If the replacement goalkeeper is a field player, that player is allowed reasonable time to put on protective equipment.
10. If an equal number of goals are scored after each team has taken five shoot-outs: a second series of five shoot-outs is taken with the same players. The sequence in which the attackers take the shoot-outs need not be the same as in the first series. The team whose player took the first shoot-out in a series defends the first shoot-out of the next series. When one team has scored or been awarded one more goal than the opposing team after each team has taken the same number of shoot-outs, not necessarily being all five shoot-outs, that team is the winner (Sudden Victory).
11. The same players take part in the second and any subsequent shoot-outs except that an incapacitated goalkeeper can be replaced. The sequence in which the attackers take the shoot-outs does not need to be the same as in the first series; before each shoot-out series, the team manager chooses the order in which the nominated players take the particular shoot-out. In this second and subsequent series, all five nominated players shall take a shoot-out before any of them are eligible to take a further shoot-out.
12. The team whose player has taken the first shoot-out of the first series must defend the first shoot-out of the second series. If further shoot-out series occur teams will alternate taking the shoot-out first.
